About Us

Set in the heart of the picturesque Sindhudurg district of Maharashtra, Kudal Monsoon Run is a collective initiative of senior medical faculty members and entrepreneurs of Kudal, and fuelled by one of the taluka's first multispeciality set up- Rane Hospital and Medical Research Centre.

The carefully mapped, winding Konkan road, running through lush greenery is the perfect route to enjoy the overcast skies and mellow monsoon weather.

The first edition received an overwhelming response from both guest runners and localites and Kudal Monsoon Run went on to receive the number one place in the official marathon ratings by Mumbai Road Runners (MRR) Race ratings 2024.

The aim of the organising team is to create an environment that inspires our citizens on their feet and take charge of their health. Their motto, "Every running step makes your heart stronger" reflects this very sentiment.

Kudal Monsoon Run is one of the few enthralling half marathons that captures the beauty of Konkan monsoon in the month of July, giving your yearly calender a destination and an experience of a lifetime.

If you run, you are a runner. It doesn't matter how fast or how far. It doesn't matter if today is your first day or if you've been running for twenty years. There is no test to pass, no license to earn, no membership card to get. **YOU JUST RUN.**
